

Community Garden Spots Available . . .

Small garden plots (4 ft. x 12 ft. raised beds) are available for individuals or groups interested in planting and maintaining a vegetable garden. This may be of particular interest to apartment and condominium residents, or those who would not otherwise have a suitable location available. The cost is \$20.00.

This community garden is located on City property, just off of 10th Avenue SE, on the grounds of the Signal Hill Arts Centre. It is easily accessible with nearby parking, a convenient source of irrigation water, and a water tap. The growing season is usually from May Long weekend to no later than Thanksgiving weekend.

If you are interested in a Community Garden Spot, please contact the City of Weyburn Parks Department at **306-848-3290** by April 7th. First come, first served.
